OP TRAILBLAZE: An Initiative to Tackle Off-Road Vehicle Disruption in Forestry Areas

Introduction to Operation Trailblaze

Operation Trailblaze is a dedicated initiative aimed at addressing the increasing issue of anti-social and illegal use of off-road 4x4 vehicles and motorbikes. These activities have caused significant disruption to local forestry and wildlife habitats, threatening the balance of delicate ecosystems and impacting the safety and enjoyment of these areas for local communities and visitors alike.

The operation brings together law enforcement, forestry management teams, environmental agencies, and community stakeholders to tackle the problem head-on. By combining enforcement, education, and prevention strategies, Operation Trailblaze seeks to restore order to affected areas, protect wildlife, and ensure that these natural spaces are preserved for future generations.

Through targeted patrols, public awareness campaigns, and collaboration with residents, the operation aims to reduce the damage caused by irresponsible off-road activities, emphasizing the importance of respectful and lawful use of shared natural resources.

What can you do to help?

We are asking for your help to tackle the ongoing issue of anti-social driving in our local forestry and wildlife areas. If you see any 4x4 vehicles or off-road motorbikes being used irresponsibly, please report it to us.

Your information is vital in helping us identify and address this behaviour, which is causing significant harm to the environment, wildlife, and the safety of others.

To report sightings, please provide as much detail as possible, including:

- The location of the incident
- The time and date
- A description of the vehicles or individuals involved

You can report anonymously if you prefer. Together, we can protect our natural spaces and ensure they remain safe and enjoyable for everyone.
